

August 09, 2008

Dear all Brods and Xi's:

It's 2 months away before the Gamma Kappa Phi 46th Founding Anniversary on October 09, 2008 and let's give a little time to celebrate and spend time once again with our fellow Brods and Xi's and our love ones. To reunite the bonding and to meet new found Brods and Xi's in our respective location. Above all, by celebrating our founding anniversary is also a thanksgiving for all of us of how the organization was born, how it spread-out to the entire Nation and the Kappans involved of spreading it , and how we became a Kappan.

In the USA, there will be no major event that was planned out. The Chicago Kappans will celebrate the 46th Founding Anniversary in a simple gathering and get-together. The 1st Grand Reunion of Gamma Kappa Phi last October of 2007 that was held in Chicago was a very major event, so this year's anniversary will be a quiet and a simple one.

So to all Kappans in the USA and the neighboring Kappans in Canada and around the world, let's celebrate and find time to spend with our Brods and Xi's regardless if few or many, as long the bonding and the spirit of Brotherhood stays the same and reminiscing the old good days, or discussing any new development plans for the organization, or even discussing other things like opportunities and business related.

After the event, please give time to share and update to everybody of your party with photos as a way of openness and the love of true Kappans.

Good Luck to all of us and Godspeed GKP USA and around the world!

Brod Verner
